PHI SIGMA KAPPA CLUB

of the University Gives a Reception—The Students Entertained.

Special Dispatch to the Intelligencer.

MORGANTOWN, W. VA., June 6 .- Probably the most festive and enjoyable affair of the season occurred to-night in the Commercial Hotel, being the Phi Sigma Kappa Club of West Virginia banquet. No pains were spared to make banquet. No pains were spared to make it elaborate in every particular. When the guests were all assembled, Miss Cora Ogden, of Fairmont, favored the audience with a well rendered vocal selection. Miss Grace Finnell, of Clarksburg, also sang a very charming vocal selection, after which the guests repaired to the dining hall, where a very elaborate menu was served.

M. D. Post filled the chair of toastmaster. The first toast was responded

elaborate manu was served.

M. D. Post filled the chair of toastmaster. The first toast was responded to by J. C. Herndon, who with well put words welcomed the guests, after which followed the silver, gray and magenta, the fraternity colors, by Harry Sands, of Fairmont. Mr. Sands dwelt on the sphere of college fraternities. Mr. Emmet Showalter, in a very neat speech, responded to the Delia dudes and Delia durlings. Mr. Carroll C. Costman then spoke of the chapter and its reflation to the state, and proved that the fraternity was an essential feature of college life. Several impromptu toasts were ably responded to, and at 2 o'clock the guests departed with loyal sfeelings toward the Phi Signa Kappa fills.

The ladies' recoption to the isludents and senior class was given at the University. Fully seven hundred guests assembled, and at nine o'clock a bountiful repast was served. These receptions are very happy features of renamencement week and long to be remembered by the students. The Board of Regents met to-day, but the time was taken up

ment week and folig to be feather when to day, but the time was taken up by the president's annual report. It is expected that the board will do many interesting things in to-morrowla meet-

The annual contest between the literary societies takes place to-morrow night.

### MORGANTOWN. 31

Preliminary Commencement Exercises.
The Baccalaurente Sermon Prenched by Bev. Elliott. Special Correspondence of the Intelligencer.

Morgantown, W. Va., June 6.—On

Saturday evening Prof. and Mrs. Brooke gave in honor of the law classes one of the most elaborate receptions ever given in Morgantown. There were present in Morgantown. There were present the nineteen graduating members and several others who had taken partial courses. The class is the largest over graduated since the establishment of this department. The advantages and merits of the law school here are be-coming wider and wider known, and its rapidly increasing popularity promises soon to make it one of the leading law schools in the country.

Schools in the country.

Yesterday morning at 11 a. m. the baccalaureate sermon was preached by Rev. George Elliott, of Washington, D. C. This sermon was preached in the commodious new commencement hall,

commodious new commencement hall, and its advantages over the old one are readily observed.

The speaker is a member of the Methodist Episcopal church and is one of the most able ministers in Washington. His sormon was considered one of the best preached here for several years. His appeal to the outgoing graduates was beautiful, logical and practical. The plea of needed leadership in a country governed like ours was beautiful. A very large audience listened to his sermon and showed appreciation by packing the M. E. church in town, where he preached last night.

ing the M. E. church in town, where he preached last night.
The town is filled with visitors to commencement and a great many more are expected. The exercises this year promise to be equal to those of any former year, unless perhaps the work done by the cadet corps, which will not be so extensive.

# BEAUTIFUL VENUS.

A Planet worth Seeing in the Western

There has been a good deal of talk about the unusual brilliance of Venus these nights. It is in the western sky, a little north of due west, and is worthy of observation. The following paragraph about it is from the Steubenville

"Have you seen Venus? If you have not, take a look at it. It is six times as not, take a look at it. It is six times as bright as it will be in a fow months hence. It is that planet in the west which you see as you go up Market street, hanging in the sky like a great gleaming light upon the brow of night. It is now at its brightest. It is coming in on its curved orbit between us and the sun. It is only twenty-six million of mites away when in line with the sun. Venus is our nearest neighbor except the moon. With a telescope it is now a heautiful crescent, about like now a beautiful crescent, about like the moon when five days old. It is so bright you can see it in daylight. It is three times as bright as It is three times as bright as the moon, its albedo being 50. Though it seems to move so slowly, it is really moving twenty-three miles per second. Its year is only seven months and a half. Its year is only seven months and a half. As it has an atmosphere it is probably inhabited; why should there be air with no one to breathe it? There seem to be oceans and continents ealso, with caps of ice at the poles. As its diameter is 7,700 miles, its surface is about 95 per cent of that of the earth, and the number of inhabitants probably 1,400,000,000, as we have about 1,500,000,000. As the planets are about the same size, we must look to them as this do to us we must look to them as they do to us— like a splendid star in their sky. They may be looking at us these nights with their telescopes, and possibly some of them are trying to invent some way to communicate with us and find out whether the earth is ininhited, as some of our astronomers are trying to invent some way of communicating with them."

## MARTIN'S FERRY.

Accidents and Incidents in that Thriving City—Personal and Industrial. Mr. Camden Burt, of Wheeling, and Miss Catherine Porter, of this city, were quietly married at the home of the bride's parents, on Second street, on Sunday evening, by Rev. T. S. Winters.

The Presbyterian Sunday school will picnic at Fleecy Dale, on the Wheeling & Lake Eric railroad, on Wednesday, June 15. A rate of forty cents for the round trip has been secured.

E. L. Hamilton, secretary of the Y. M. C. A. of this city, is back from New Cumberland, where he attended the West Virginia Seventh District Y. M. C. A. convention.

J. T. Hanes received word yesterday from the pension office that Adam Coss had been granted a pension, at the rate of twelve dollars a month, from July 16, 1890.

Thomas Lewis and Ed. Mansberger left yesterday for Pittsburgh, where they go as delegates to the convention of the A. A. of I. and S. W.

The commencement exercises of the Catholic schools will take place at the Opera House on Monday, June 20. Cards are out announcing the mar-riage of Miss Jessie Sheets to Mr.

James W. Ralston, on Wednesday, June 15.

Miss Nora Clark is home from Barnos-ville, where she is teaching school, to spend the summer vacation.

Mrs. Grove, of St. Clairsville, spent Sunday with her daughter, Mrs. Dr. B. O. Williams. O. Williams.

A new steeple is being erected on the German Lutheran church by Exley &

Mrs. Howard Hipkins has gone to Cincinnati to visit friends and relatives. Will Frazier is back from Wellsburg, where he spent Sunday with his parents.

Mr. and Mrs. John Wilson are visiting friends at Dayton, O. John Duncan is in Pittsburgh on

### BELLAIRE.

All Sorts of Local News and Gossip from the Glass City.

the Glass City.

Zanceville Gliders took a man and a woman arrested at Bridgeport Sunday back to that town yesterday for burying a child alive. They buried it in a slack pile Friday evening and were seen by railroad labbrers, who reported the matter, but they supposed the child was dead. It was found lator almost dead, but was nursed back to life, and the culprits are now in custody. The pair are of the very lowest and densely ignorant class, apparently. They look and act like imbedies; and should not be allowed to run at large.

and act like imbeelles; and should not be allowed to run at large.

John Neville, who gets drunk and abuses his wife frequently, turned up in the mayor's court yesterday morning for beating his wife, his son, and his mother-in-law, but the charge was wife beating. He had escaped punishment so often that the mayor made his sentence this time cover all, by assessing him \$100 fine and costs and sending him to the Zanesville workshouse to him to the Zanesvillo workhouse to work it out. He is a worthless sort of chap and has a family here.

chap and has a family here.

Mack Bennett, the chap who came here last week from Jacobsburg accompanied by Mary Belle Ramsey, with a view to marriage, but was interrupted by the arrival of the girl's mother in time to take her home single, faced the charge of kidnapping made by the don't-want-to-be-mother-in-law at Jacobsburg and was acquitted without the jury retiring. The girl was as anxious or more so than Bennett.

Mr. S. O. Cummins and Mrs. James F. Anderson, the Bellaire World's Fair representatives, have received all the necessary papers for persons desiring to make exhibits and will furnish them on application. Only a few persons have

application. Only a few persons have so far interested themselves in this matter and these representatives would be glad to hear from all who contem-

be glad to hear from all who contemplate making exhibits.

Some of the workmen who went to Harvey, Ill., with the Bellaire Stamping Company, but returned during the flood, are exhibiting pictures giving views of persons fishing from the portico of the Hotel Brainerd and showing the whole town invaded. The water the whole town inundated. The water has subsided now, however.

Hon. A. T. McKelvey and Hon. Ross J. Alexander will assist the Bellaire committee in showing the various sites in this vicinity to the insane asylum commission to-morrow. The members of the commission will arrive here this evening and leave to-morrow evening for Steubenville.

The club is getting to be quite a fad.
The latest one here is a pedestrian club,
and on Sunday last Ben U. Tyler, Walter
Troll, William G. McClain, Harry T.
Tyler, William Piper and William
Parks, members of it, walked to St.
Clairsyille and back.

Home grown strawberries and cher-ries are abundant in this market now, and they sell readily at better prices than the berries shipped here. The flavor is richer and they are more pal-atable, perhaps because they are fresher.

The Democratic congressional committee of this district has been called to meet at the Globe hotel here on the 27th inst. to fix the time and place for their convention. It seems to be fixed that the convention will be held here.

that the convention will be held here. Harry L. Cook, son of Dr. John Cook, of Bridgeport, will wed Miss Elberta Blocher, of Little Rock, Ark., Thursday at the home of the bride. They met last summer during a visit of the bride to relatives in this county.

A fellow named Glass, who was very drunk Saturday night and made an exhibition of himself in a public place, was fined \$15 and given fifteen days in jail. He was taken to St. Clairsville yesterday.

The returns from Pultney township, outside of this city and West Wheeling, show an increase over those of last last year of \$17,044. Robinson Workman, jr., was the assessor this year.

The school board will meet Friday evening and settle up with the teachers for this term. This is the last week of school. The new list of teachers may also be approved at that time.

Riverview, that used to be known as the Crangle bottom, is now quite a town and a delightful place to live. The lots are from one-half acre to two acres and are all occupied.

George O. Robinson has bought the coal underlying the Rankin farm, west of town. There are about 100 acres of it. Ex-Sheriff Cochran went to Columbus yesterday, where he will remain as U. S. grand juror all of this week.

Parks & Co. sold the Laville property, on Hose Hill, to William S. Wigfield, for \$875.

A now safe weighing 5,800 pounds was placed in the postoffice yesterday.

Dr. C. E. Kurz and wife left yesterday afternoon for Detroit.

The city council will meet this even-

WAY OFF COLOR.

The hue of health! Who can mistake it. The white brow, the deepened tint of the cheek. white brow, the deepened tint of the cheek these associated with brightness and animation of the eye. a cheery expression of the countenance, are infallible indicts that the liver's performing its functions actively, and that consequently digestion and the bownle are undisturbed. If, however, the complexion and a cyobalis have a saffront int. or the face is drawn and void of sprightliness and animation, the billary gland is almost certain to be out of order. Rediffy the difficulty speedily, theoroughly, will bill an order and the same to the spring of the spring the speedily. However, the to make mount antibilious species, house not only the above outward and visible signs of billiousness, but also be the spring of the s

# TO REPUBLICANS.

It is part of the Democratic plan to challenge the vote of every Republi-can who has not been assessed under the new West Virginia election law. Don't let them find you unprepared.

Be sure you get the genuine Bastin's Cough and Consumption Cure for coughs and colds.

L.S. Goodsells dry goods the cheapest. Half Fare to Detroit.

On account of the meeting of the American Medical Society, at Detroit, the Wheeling & Lake Erie railway will sell tickets at halfare, June 5th and 7th, good until June 13th. For rates apply to station ticket agents, or O. R. Wood, Traveling Passenger Agent.

# DYSPEPSIA.

Many Distressing Symptoms Accompany This Affection.

A General Error as to its Nature and Origin-The National Disease and What Should be Done With It.

Dyspepsia, a name given to nearly all atomach and bowel troubles by old-time physicians, is really nothing more or less than a catarrhal conteany nothing mote or less than a catarrhal cou-dition of those parts. Dyspepsia means bad di-gestion, nothing else, and fike charity, often covers a multitude of sins on the part of a phy-sician who, ignorant of a patients true condi-tion, calls it dyspepsia, and thus the patient is satisfied.

sion, calls it dyappsis, and thus the patient is satisfied.

Thysiology teaches that the numerous glands of the atomach throw out during the wenty-based the atomach throw out during the wenty-based to the machine the patient of the somether patient with which to digest the food we cat. In chronic catarrit of the somach, the mecons liming of which is continuous with that of the nose and threat, the secreting glands become diseased and depraved and do not ruinit their proper functions, hence the food lies heavy in the stomath, and ferments instead of being digrested. Foul gases arises therefrom which diseard the stomach, causing weight, tightness, flatulestoe, bloating and discomfort. The heart and limps are entroached upon by the displayam, which impedes their natural section, honce we have lutteringed palpitation, and in consequence of disturbed circulation and respiration, coldress of extremities, defression of spirits (nervoupness), feeble puise, distinces, shortness of breath, hor and cold flashes, &c.

Drs. Copeland and Davis have been very successful in the treatment of Catarri of the Stomach, and those who surfer the above symptoms should call on them and take the required treatment.

### SUFFERED FOUR YEARS.

How Her Catarrh and Stomach Troub le Have Entirely Disappeared-Mrs. King's Experience.

King's Experience.
"My attention was first called to the work of Drs. Copeland and Day's by seeing in the newspapers the pictures and testimonials of many patients who had been treated and citred by them. I went-to sea them and had a talk with them, and their manner of diagnosing my trouble was so thorough and complete I placed mysell at once under their, treatment."

The speaker was Mrs. Mary King, who resides at No. 51 Eighteenth street. Wheeling, "Years ago I had severe headaches and very dizy spells. My nose and head were stopped up and I was obliged to hawk and spit a great deal. A hacking and tenselous cough set in, with considerable expecisoration. I could not sleep well; had a very poor appetite, and always awoke in the morning feeling tired and ianguid, and with a very bad taste in my mouth. Everything

MIS. MARY KING, NO. 54 Eighteenth Street.

HIS. MARY KING, No. 54 Eighteenth Street.

I ale caused me great distress and bloating of the stomach, which produced shortness of breath and smothering sensations. I suffered this way a great deal, although I took the medicine prescribed for me by physicians whom I applied to, but got no relief.

"I never got any relief until I began treatment at the Copeland Medical Institute and noticed a decided improvement from the first. The catarth and stomach trouble have on tirely disappeared. I sleep soundly, have a good appetite and feel strong and that I am so well pleased with the treatment at I have recommended, and the recommended and the r

# CATARRH.

As It Affects the System and the

As It Affects the System and the General Health.

Those who have read the professional articles of Drs. Copeland and Davis week after week, are aware how they have gradually educated intelligent readers to not only recognize their peculiar ailments, but the different plases of such allments. They have taught the people what they have never understood before, that catarrh they have never understood before, that catarrh of the ness and throat.

That frontal headache, neuralgia, confusion of ideas, roaring in the ears, dizzness, etc., are due to catarrh of the head.

That sore throat, ouigh, hoarseness or entire hoss of viote, broatellis, asthma, chronte pueumonia, etc., are catarrhal conditions of those parts.

loss of voice, bronchins, astrina. Can monis, etc., are catarrhal conditions of those parts.

That dyspepsia, indigestion, heartburn, waterbrash, nauses, fetid breath, palpitation or flutering of the heart, shortness of breath, vertign, alternate diarrhea and constipation, bloated-up condition, piles, etc., result from catarrh of the stomach and bowes.

That Bright's disease, retention, or incontinence, murky fluid, etc., follow catarrh of the kidneys and bladder. In fact, catarrh affects more or loss all the nucous surfacos of the on-tire body, causing at limes severe local neuraligic or rheumatic pain.

The ances markedous. The wonderful increase in the number of patients is the strongest testimony to the ability of these physicians. They need no other. If these do not convince, nothing can.

Now that all can get out of doors and take a regular course of treatment, there should be no one willing to suffer longer with catarrh, when a positive cure is insured through the skill, ability and experience of these noted specialists. combined with faithful compliance on the part of the patient.

# CHANGE OF RESIDENT PHYSICIAN.

CHARGE OF RESIDENT PRINCULAR.

A change long in contemplation by Dr. Copeland, by which he is able to give the sick of Wheeling and vicinity the same skillful and careful ireatment as is given at his large establishment at Pittsburgh, is with pleasure at last announced. Dr. Lewis G. Davis, lately associated with the Pittsburgh offlees of Drs. Copeland. Hall and Syers, is made Resident Physician of the Copeland Medical Institute, located at 1121 Main street. The Pittsburgh Dipagach has this to say of this eminent physician:

Dr. Davis graduated first at the pride of Peunsylvania's institutions, Jofferson, Medical College, of Philadelphia in 1878. After two years of private practice he took the post graduation of the world-immed Believin Hospital Medical College, of New York, city, graduating in St. College, of New York, city, graduation of the world-immed Believin Hospital Medical College, of New York, city, graduation of the world-immed Believin Hospital Diagnosis, under Dr. Janeway; Chemistry, under Prof. Shoemaker.
